

**Phoenix Surfacing has solid experience working alongside educational establishments on a variety of projects. We truly are the road surfacing experts you can trust.**

## **NCC Grendon Hall**

Work delivered by the Phoenix team included the regrading of the existing hardcore carpark to create new gradients to allow for the discharge of surface water, the laying of a macadam surface to the carpark area, including the provision of carpark linemarking. A new macadam surface was laid to the Hall frontage enhancing this area, with Phoenix Surfacing delivering a professional end to end service.

Due to financial restrictions we worked closely with Grendon Hall to provide a satisfactory solution to their carpark issues, whilst meeting their tight budgetary constraints.

## **Chipping Warden Primary School**

With car parking being a major issue, Phoenix Surfacing constructed a new carpark to provide much needed additional spaces at the school. Our works included full excavation, kerbing and importation of granular sub-base, macadam surfacing, plus full line marking. The installation of a new soak-away system was carefully designed to incorporate part of the existing surface water discharged from the school building roof.

Liaison with the local highway authority by the Phoenix team ensured permission was granted to widen an existing access to allow an improved safer pedestrian experience. With safety in mind, the removal of a hedge line, plus the erection of a new brick boundary wall, whilst utilising a suitable macadam construction ensured this project was a real success.

**Please see overleaf for a full list of school projects completed by the Phoenix team.**

## Completed School Projects

School Name	Location	Work Completed By Phoenix Surfacing
GrendonHall	Grendon	Carpark Re-surfacing
Huxloe School	Irtlingborough	Carpark Re-surfacing
Montsaye School	Rothwell	Access Road Re-surfacing
Chipping Warden Primary School	Chipping Warden	Carpark Construction
Wrenn School	Wellingborough	Carpark Re-Surfacing & Ducting Works
Islington Road Children's Centre	Towcester	Macadam Following Building Works
