

Phoenix Surfacing's skilled team of experts have solid experience working alongside stately homes and castles, offering a high quality service and real benefits to you.

Woburn Abbey and Safari Park

The Phoenix team have completed a number of quality projects here, including the widening of existing roads to enable a new two way system, footpath construction with resin bonded surface dressing to the "Humphrey Repton" gardens, Ductwork installation for new fibre optic cabling, surface dressing to roadways and general maintenance to roads and car parks.

Warwick Castle

A series of projects have successfully been completed at Warwick Castle, including the re-construction of footpaths to an ancient monument, "The Mound," a footpath construction to the water mill, the construction of new concrete hardstandings, gravel surface dressing to inner courtyard, plus roadways and resurfacing works to main driveway and car parks.

Please see overleaf for a full list of relevant projects completed by the Phoenix team in the past 12 months.
